

**Dennis Dubbin Deanna Dubbin**

They will romance you, rock you, move you, melt your heart and lift it again. Not only their music, but everything that they *are* is brought into the light and into your heart with “Celebrate the Music!”

Both artists have independently achieved a level of acclaim that earns them the right to headline their own shows. Together, on one stage, for one night, this is absolutely a not-to-be-missed performance. Not a concert, not a cabaret, not a theatre show, “Celebrate the Music” is all of these and more.

*They will romance you, rock you, move you, melt your heart and lift it again.*

Backed by a seven-piece band of supremely talented musicians, these two voices bring us stunning tributes to Broadway, take us to the back streets of New Orleans and lift the roof off with outright rockin’ tunes. With their carefully selected and arranged song choices and thoughtfully produced visual enhancements, Dennis and Deanna reach out and draw you in with witty, poignant, funny and sentimental moments.

Theatre, international touring, television and recording - Dennis Dubbin and Deanna Dubbin have done it all, but you’ve never seen them quite like this, and you will love it.
